

The Big KP Picture

Evangelism & Discipleship is the main emphases (heavy line). Most of the physical training is within this purpose.

Fellowsoldier Time is time inside outside class that includes spiritual themes, Scripture memory and Bible study sheets.

Jujitsu and **karate** have some aspects in common but are largely different martial arts.

Self defense is often a separate aspect, yet it has common ground from jujitsu and karate.

The **weapons** is a small aspect of the program, primarily out of karate, with some self defense application and a little jujitsu orientation.

Demos (and seminars) include elements of all departments for evangelistic outreach and discipleship purposes.
